## DSCHINGIS SECRET, the classic stamina in his genes !

---

" By classic sire **Soldier Hollow** (top ranked stallion on the general sires list in Germany) and a mare who is only producing Group performers, **DSCHINGIS SECRET** had the pedigree to become a Champion. And that's what exactly he became, using his high quality genetic potential to win six Group races including the Grosser Preis von Berlin (Gr.1), beating on the track high class performers such as **Hawkbill**, **Quitos**, **Cloth of Stars**, **Talismanic** and others...

**DSCHINGIS SECRET** shall start his new career as a sire in 2019 at the Haras de Saint-Arnoult (61 – Exmes). If his genetic blessed him with a high class level, it clearly justifies the greatest hopes at Stud ! "

Thierry Grandsir - DNA Pedigree

---

### A TOP CLASS PERFORMER

Wonderful and impressive individual with a lot of distinction and a perfect balance, **DSCHINGIS SECRET** is a mix of class, soundness and stamina, physical and mental qualities who drove him to win seven times around the classic distance including the Grosser Preis von Berlin (Gr.1) ahead of Champion **Hawkbill**, the Grosser Hansa-Preis (Gr.2) twice, the St Leger Italiano (Gr.3) at three and the Prix Foy (Gr.2) in front of **Cloth of Stars** and **Talismanic**. A more than decent visit card, which is now opening him the gates of a more than deserved career at Stud !

### THE "IN THE WINGS" MALE LINE

As strong as regular, **DSCHINGIS SECRET** is one of the best sons of **Soldier Hollow**, who headed the general sires list in Germany and who sired thirty Stakes winners including five at the highest level. A classic success which is probably due to his own sire **In the Wings**, one of the three best sons of **Sadler's Wells** at Stud with **Galileo** and **Montjeu**, but also to his outstanding female family, the one who gave birth to **Nureyev**, **Fairy King**, **Blame**, **El Condor Pasa**, **Archipenko** and ... **Sadler's Wells** himself. Let's also underline that **Soldier Hollow** is the result of a Formula 1 inbreeding on Elite Mare **Thong**, another potential explanation of his genetic strength !

### A DAM WHO ONLY PRODUCES GROUP PERFORMERS

**DSCHINGIS SECRET** is the first foal of triple winning dam **Divya**, a young broodmare whose name shall need to be reminded : only mated with **Soldier Hollow**, she foaled four racing age foals with him and all of them are Groupe performers, the last three being four year old filly **Diana Storm**, placed at Gr.2 level in Germany, three year old colt **Destino**, Gr.3 winner and second in the 2018 Deutsches Derby (Gr.1), and finally two year old colt **Dschingis First**, already placed at Gr.3 level and surely a strong hope for next year's classic season !

Let's also remind that the third dam of **Divya** is no less than the Elite Mare **Deceit**, won won eleven times at 2 to 4 in USA including the Mother Goose St. (Gr.1), the Acorn St. (Gr.1) and the Matchmaker St. (Gr.1) at three. A high level of class and of soundness heritage which is clearly blessing the genetic of **DSCHINGIS SECRET** !

### THE INHERITANCE OF CLASSIC STAMINA

Carrying the blood of **In the Wings**, **Sadler's Wells**, **Shirley Heights**, **Kris**, **Caerleon**, **Surumu**, **Rainbow Quest** and **Caerleon**, **DSCHINGIS SECRET** has got a genotype blessed with the best sources of classic stamina, the one that makes the greatest champions. And his pedigree is offering widely enough highly interesting mating options to justify the greatest hopes at Stud !

---

---

## DSCHINGIS SECRET : mating advices

---

The pedigree of **DSCHINGIS SECRET** is offering many mating opportunities on which could be expected the greatest results. Among them are the following ones :

### DUBAWI

Daughters and granddaughters of **DUBAWI** shall be a priority, thus for many major reasons. First of all because **Dubawi** and **In the Wings** are sharing the same close female family, an union generating a very efficient duplication of **Sunbittern**, already confirmed at the highest level : as a matter of fact, Gr.1 winners **Left Hand**, **Wuheida** and **Too Darn Hot** (2018 European Top 2yo Colt) are all by **Dubawi** and a granddaughter of **In the Wings**...

Also, let's add that **In the Wings** is out of a daughter of **Shirley Heights**, whose inbreeding can be found in the pedigrees of 8 Gr.1 winners including 4 by **Dubawi** !!!

### MONSUN = KÖNIGSSTUHL x SURUMU

Often mated with **MONSUN**, the **In the Wings** male line has got high success with him in Germany. Among the bests is classic winner **Pastorius**, who is by **Soldier Hollow** and a daughter of **Monsun**.

**Monsun** is by the way bringing the blood of his damsire **SURUMU**, also prominent in the pedigree of **DSCHINGIS SECRET**, and whose inbreeding can be found in the pedigrees of 5 Gr.1 winners in 4x4 or below. A combination that could also be generated through **Lomitas**, whose grandsires are respectively **Nijinsky II** and **Surumu**.

Sire of **Monsun**, **KÖNIGSSTUHL** shall be himself a serious mating option, extracted from the pedigree of Deutsches Derby (Gr.1) ace **Welstar**, who is by **Soldier Hollow** and a granddaughter to **Königsstuhl**, and from the Preis der Diana (Gr.1) winner **Serienholde** who is as well by **Soldier Hollow** and a granddaughter to **Alkalde** (Königsstuhl). An efficient variation of the *nick* **In the Wings** x **Königsstuhl** that can be found in the pedigree of Grosser Preis von Bayern (Gr.1) winner **Ito** !

### KALAMOUN

At least as interesting than the previous ones, the name of **KALAMOUN** is looking highly promising to cross with the genetic of **DSCHINGIS SECRET**. **Soldier Hollow** has sired four times Gr.1 winner **Ivanhowe** and classic ace **Weltstar** with daughters of **STERNKÖNIG** (Kalaglow), as well as classic winning filly **Serienholde** with a mare by **HIGHEST HONOR** (Kenmare). Let's add that Champion **Solow** is by a son of **In the Wings** and a daughter of **Highest Honor**, and that the cross **In the Wings** x **Kenmare** has generated Gr.1 winner **Act One**...

These high quality references shall open the way to all mares carrying the blood of **Kalamoun**, through **KENDOR** or his son **Kendargent**, through **Verglas** or his son **Stormy River**, or through any others from this prominent sireline.

### MR PROSPECTOR

Four Gr.1 winners are out of the recipe **In the Wings** x **MR PROSPECTOR**, notably through **Gone West**, **Machiavellian** (grandson of **Halo**) and **Woodman**. **Kingmambo**, whose damsire is **Nureyev**, shall be another one to look for.

### SHARPEN UP

**SHARPEN UP** is often found in good place in the pedigrees of Gr.1 winners who are out of the **In the Wings** male line. Among them are **Fidélité** (dam by **Sanglamore**), **Zanzibar** (dam by **Diesis**), **Folk Opera** (dam by **Halling**), and of course **Soldier Hollow** himself (dam by **Common Grounds**). Duplications of **Sharpen Up** are by the way highly recommended with **DSCHINGIS SECRET**...

Priority shall be offered to the broodmares carrying **DIESIS**, a own brother to **Kris** who can be found in the pedigrees of **Folk Opera** and **Zanzibar**. An option that shall qualify daughters and granddaughters of **Muhtathir**...

---

---

### **BLUSHING GROOM**

**BLUSHING GROOM** is an option that can be compared to the previous one, as he can be found in the bottom part of the pedigrees of Gr.1 winners **Ivanhowe** (second dam by **Local Suitor**), **Act One** (dam by **Baillamont**), **Lahudood** (dam by **Arazi**), and **DSCHINGIS SECRET** himself (via **Rainbow Quest**), all members of the **In the Wings** sireline.

Priority shall be offered to **RAHY** (a genetic equivalent of **Rainbow Quest**, both being by **Blushing Groom** and a daughter or granddaughter to **Herbager**), an option that shall qualify **Giant's Causeway** (whose damsire is **Rahy**).

But the best option could be classic sire **LE HAVRE** : he is a son of **Noverre**, who is by a son of **Blushing Groom** and a daughter of **Northern Dancer** like the second dam of **DSCHINGIS SECRET**, and his damsire **Surako** is by **Königstuhl** and a daughter of **Surama**, who shall therefore be duplicated in the mating. Let's remind that **Le Havre** has sired Gr.1 winner **Suédois** with a granddaughter of **In the Wings**, which is suggesting the highest expectations with this cross !!!

### **SPECIAL**

The pedigree of **Soldier Hollow** is blessed by a Formula one inbreeding on his direct ancestress **Thong**, through own sisters **Lisadell** and **SPECIAL**. The broodmares carrying the latter in their pedigree shall therefore be selected, whatever the source of the relative bloodline.

The first one shall be **NUREYEV**, a son of **Special**, for a mating rather similar to the one of Preis der Diana (Gr.1) winner **Lacazar** (who is by a son of **In the Wings** and a mare out of the **Nureyev** sireline, through **Dai Jin**).

**FAIRY KING**, own brother to **Sadler's Wells**, could therefore generate a duplication of Elite Mare **Fairy Bridge** (a daughter of **Special**), like in the pedigrees of 4 Gr.1 winners including **Recoletos**.

Let's finally mention **NUMEROUS** (by **Mr Prospector** and a daughter of **Special**) and **ARCHIPENKO** (by **Kingmambo** and being himself the result of a Formula one inbreeding on **Special**), granddaughters of **PERUGINO** (a son of **Fairy Bridge**), and all mares carrying **THATCH**, a own brother to **Special** and **Lisadell**...

### **DANEHILL**

The blood of **DANEHILL** shall not be avoided, as he is appearing with **In the Wings** in the pedigrees of many Gr.1 winners including **Ave**, **Ito**, **Helmet**, **Luas Line** and **Queen's Trust**.

Priority shall be offered to **TIGER HILL** (damsire of **Ito** and bringing the blood of **Herbager**), **DANSILI** (bringing both **Nijinsky II** and **Blushing Groom**), **Champs Elysées** and **Cacique** (own brothers to **Dansili**), as well as **MYBOYCHARLIE** (carrying **Thatch** in the bottom part of his pedigree).

---

### **Other promising matings**

**Solider Hollow** has sired a Gr.1 winner with a granddaughter of **SUAVE DANCER** (**Green Dancer**), himself a grandson of **Nijinsky II**. The blood of **CAERLEON** shall be also accepted, for a classic inbreeding.

Same comment with **ALLEGED**, **DARSHAAN** and **TOP VILLE**, all highly efficient when mated with the **Sadler's Wells** sireline.

**AREION**, sire of two Group winners with the immediate family of **DSCHINGIS SECRET**, has got as well very good arguments to justify his selection.

The inbreeding on **SADLER'S WELLS** shall finally be tried, if possible not too close in the pedigree and preferably through **Galileo** (bringing **Mr Prospector**) or **Montjeu** (bringing **Top Ville**).

---
